The camera guy is still in town and the cameras should be working soon.

The Economic Development association has a lot of grant money, but it can only go to those affected by last year's storm that was declared a disaster by FEMA of which we were apart. Admin Griffin took FEMA around to all our projects and BRPC submitted them on our behalf when these grants came available. There will be follow-up meetings soon, but we hope to get some bigger projects taken care of with these grants.

We have a few items out for bid- Pole mount transformers, tree trimming and City Hall.

The MIRMA annual meeting is next week and Admin Giffin will be attending.
